

Dear Redistribution Committee,

As a resident within the current electorate of Nhulunbuy I believe in the best interests of sound governance and the Yolŋu citizens of the region, that Gapuwiyak be included in the electorate of Nhulunbuy.

I also understand that this may not be acceptable given the number of registered voters in the electorate. If this is not an option from the point of view of the Redistribution Committee, I recommend that no change be made to the boundary of Nhulunbuy. This recommendation is based on the fact that Nhulunbuy is entirely located on Yolŋu Land with all First Nations peoples speaking a Yolŋu language and therefore the Committee take into consideration the principal "Each identifiable community should be included in only one division if practicable".

Please contact me if you wish to speak with, or contact me.

Yours sincerely,

John Greatorex
