Subject: Review of electorate boundaries

Dear Iain,

I note that the Re- Distribution Committee has commenced work on reviewing electorate boundaries and population to ensure all division have the appropriate and equal level of voters.

The figures for the electorate of Goyder stand at 5927, which sits between the minimum and maximum 20% quota system.

If there was a need to adjust the Goyder boundaries due to an adjoining electorate such, I recommend that changes align with the current values and demographics of the rural area.

As to the name of the electorate, there are no issues and residents are comfortable with the name and no change is suggested.

If you require any information from me, I would be pleased to provide to you.

regards

Kezia Purick MLA
