Dear Mr Gomez,

Thank you for providing your submission to the Local Government Representation Committee. I have had the opportunity to investigate the point you have raised, and would like to ask some clarifying questions.

According to the maps the committee has available, it appears that the whole of the suburb of Ludmilla is included in the Chan ward. Please refer to the images below, which display suburb boundaries in blue and ward boundaries in red.
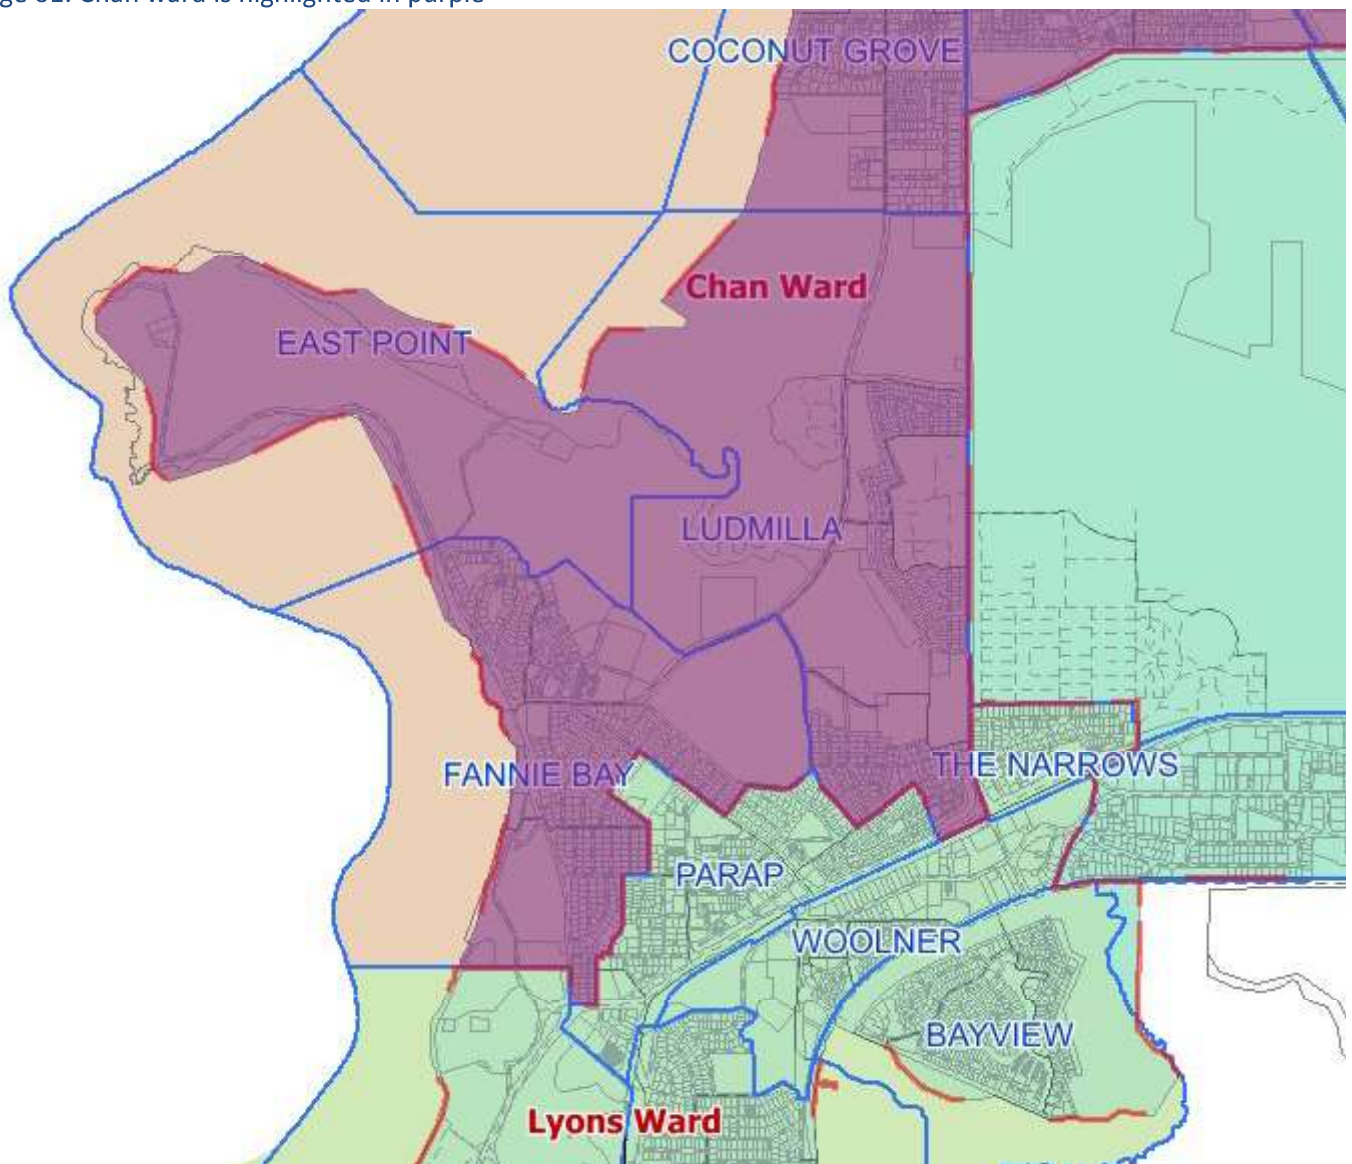

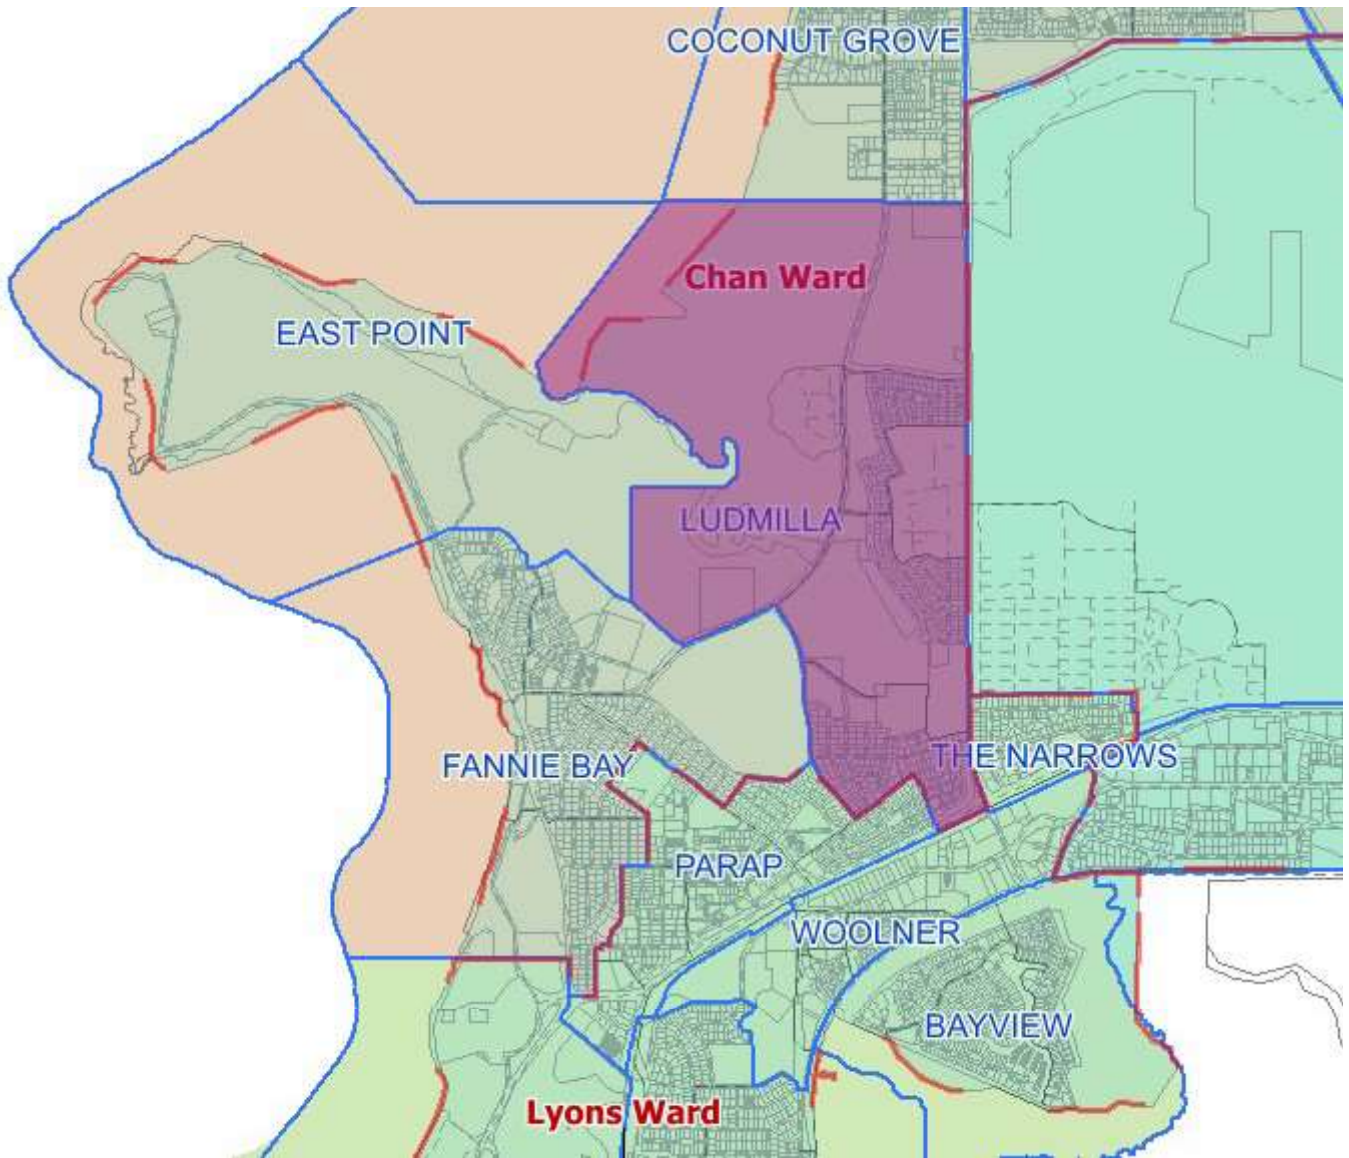

Image 01: Chan ward is highlighted in purple

Image 02: The suburb of Ludmilla is highlighted in purple

May I ask if there is a particular street / address you have in mind? I understand it may get confusing for electors with neighbors on the opposite side of the street belonging to a different ward. This is unfortunately a consequnece of using suburb boundaries as ward boundaries, which often fall on road centrelines.

Please let me know if you have any questions.

Kind regards,

Rosanna Leitch
Secretariat
