Dear Redistribution Committee

RE: 2023 REDISTRIBUTION

I am writing regarding the 2023 Redistribition and strongly advocating for no changes to the electorate of Wanguri.

As the local member for the electorate of Wanguri, I would like to submit a request for no change to the Wanguri electorate boundaries and to the name of the electorate.

I do appreciate the electorate is slightly over quota however there is no more forecast growth within the boundaries as very few blocks are now left in Muirhead to be built.

It is also neat and easy for voters to understand which electorate they are in and all three suburbs have like interests.

However if the Redistribution Committee do decide to reduce the size of the Wanguri electorate, I would suggest homes from Thorne Street to Fuhrmann Street in Muirhead are redistributed to the seat of Casuarina.

I thank you for considering my submission.

Yours sincerely
