

Campaign Signage on Power and Water Corporation Infrastructure

The Power and Water Corporation has a duty of care to the public and its employees to safeguard the health and safety of persons in the vicinity of, or working on, its infrastructure. Consequently, promotional material cannot be placed on Power and Water's assets including power poles, substations, water tanks and water pipes.

Any campaign signage found on Power and Water assets will be removed immediately and will be stored by Power and Water and available for collection by candidates.

For further information, Power and Water can be contacted
on **1800 245 092**.
